

#### Health and Learning Success Go Hand-in-Hand

Celebrate a healthy New Year. You can help improve your child's overall performance in the classroom with nutritious meals and regular physical activity. Make a family resolution to eat more fruits and vegetables and be more active. With **Harvest of the Month**, your family can explore, taste and learn about how to eat more fruits and vegetables and be active every day.

# The Harvest of the Month featured fruit is

### **Produce Tips**

• Look for fruit that is firm and heavy for its size with bright, colorful skins.

• Avoid fruit with bruised, wrinkled or discolored skins. Oranges with scarring or green spots on the surface are fine to eat.

• Fruits with thinner skins tend to be juicier than those with thicker skins.

• Oranges can be stored at room temperature or in the refrigerator without plastic bags for up to two weeks.

January

# ORANGE GLAZED VEGETABLES

Ingredients:

(Makes 4 servings at <sup>1</sup>/<sub>2</sub> cup each)

2 cups frozen vegetable mix

Harvest

of the Month.

- <sup>1</sup>/<sub>2</sub> teaspoon grated orange peel
- 1/4 cup orange juice (squeeze from the orange grated for peel)
- 1 tablespoon Dijon-style mustard
- 1 teaspoon low-sodium soy sauce

1. Cook vegetables in microwave according to package directions.

2. While vegetables are cooking, combine orange peel, orange juice, mustard and soy sauce in a small bowl. Stir until mixed.

3. Drain vegetables and toss with orange juice mixture. Serve immediately.

# Helping Your Kids Eat Healthy

• Slice oranges for a quick, healthy snack.

• Freeze 100 percent orange juice in a paper cup with a popsicle stick or spoon. Serve it for dessert.

• Instead of a soft drink, give your child an orange for a sweet and juicy treat.

• Toss oranges in a salad.

• Discuss with your child how eating oranges helps fight colds and sickness. For more ideas, visit:

# Let's Get Physical!

- Help your child start preparing for the FITNESSGRAM<sup>®</sup>. Ask your child's teacher for more information.
- Go for a walk or a jog in the morning to jump-start the brain.
- Start easy—add 10 to 15 minutes of physical activity to your day and gradually work up to one hour.

• Instead of watching TV, play a card or board game that exercises your brain.

For more physical activity ideas, visit: www.kidnetic.com www.verbnow.com

# **Healthy Help**

• Review the school menu with your child. Count the different ways in which oranges will be served (e.g., juice, slices).

• Encourage your child to eat the school breakfast and lunch. Children who eat school meals are more likely to eat the recommended amount of fruits and vegetables every day.

• Keep healthy recipes and cookbooks in the kitchen. Let each member of the family pick a recipe and then cook it together.

• Keep nutrition information in your kitchen. When someone has a question, look it up and share with the family.
